

### **GrowthX**

San Francisco-based GrowthX Academy (operated in Malaysia by Commerce DotAsia Accelerator Sdn Bhd.) delivers dynamic curriculum, personal and professional branding, hands-on experience and immersion into our network of student peers, instructors, mentors, events, startups and investors. We help companies to commercialise innovation through capital, talent and know-how.

### **GrowthX Academy**

The GrowthX Academy trains individuals in Business Growth, Growth Marketing or UX Design. Each programme is modular based and is delivered through a hybrid face-to-face and online method. Our world-class instructors are entrepreneurs, founders, business owners and investors who teach the skills, mindsets and frameworks necessary in today's competitive environment.

The GrowthX Academy delivers a dynamic curriculum structure, personal and professional branding, hands-on experience working alongside real companies and immersion into our network of student peers, instructors, mentors, events, start-ups and investors. The programmes drive expertise in a curated suite of technologies and applied concepts, each selected for their workplace utility and relevance to solving the world's most important problems.

Participants will immediately reinforce new knowledge by using it to build and test live projects with real companies. Each lesson builds up to the next to create a strong foundation of confidence and skills moving forward.
